	This project will offer Oakland County senior centers funding for small capital, technology, infrastructure, equipment improvements, professional development, and/or

Project Description	transportation needs. Senior centers have adapted to a new reality on how to provide their services and offer programing during the COVID-19 pandemic. They have started to provide classes and game activities online or via phone, but not all seniors have internet access. Others have restrictive phone minutes, find hearing on the phone difficult, or are averse to joining in remote games or classes. The senior centers get funding from a variety of sources, including center-based fundraising activities. The budget gaps created by negative economic impact prevent senior centers from implementing necessary capital/technology upgrades.

Project Description	This project is a part of the rehabilitation of the former Webster Elementary School located in a well-documented commercial corridor at 640 West Huron Ave in Pontiac, Michigan, 48341. The neighborhood within and adjacent to this census tract has historically struggled with high unemployment, a high number of renters and low median household income; racially it is 61 percent black, 31 percent white and 8 percent Hispanic – demographic sectors that were most significantly impacted by the COVID pandemic. The school building is listed on the National Register of Historic Places and is being repurposed into a community center which will provide critical services needed to address the negative impacts of COVID. The large array of social services to be provided will address issues of poverty, hunger, housing, transportation, health care and student and youth services. It will stand as a center of stability and resiliency for the community.

Project Description	"Royal Oak Township residents are served by an aging drinking water system that is in dire need of improvement. The water mains are at the end of their useful life, there are many main breaks that disrupt water service, they are undersized, and there is low customer water pressure. There are lead service lines and the system recently exceeded the lead action level. This construction project will help make improvements to the drinking water system and includes watermain replacement along Eight Mile Road between the Township's connection to the Great Lakes Water Authority water system at Wyoming to Mendota, watermain installation on Pasadena, watermain replacement on Fitzgerald, and watermain replacement on Woodside. In addition, this project will correct two incomplete loops in the water system. The requested funding will cover the costs of professional engineering support services required for approximately 6,000 feet of watermain to be installed by replacement of deteriorated watermain with frequent breaks. Status To Completion	Completed
Adopted Budget	$300,000.00
Total Cumulative Obligations	$300,000.00
Total Cumulative Expenditures	$300,000.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	The WRC Hardship Assistance Program was developed, in partnership with the United Way for Southeastern Michigan, to provide financial resources for drinking water and sewer utility services, as well as plumbing repairs, to households experiencing financial hardship that earn above qualifying income limits of public assistance programs, but below amounts needed afford basic costs of living in Oakland County. This population is commonly known by the acronym “ALICE” which stands for, Asset Limited, Income Constrained, Employed. With income above Federal Poverty Levels, but below basic survival threshold, ALICE

	households earn too much to qualify as “poor” but are still unable to make ends meet. They often work in low-paying jobs, with fewer benefits, and less security such as cashiers, health care workers, laborers, educators, and security guards. According to the most recent ALICE report, 22% of households in Oakland County are ALICE and 9% are in poverty.

Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed 50% or more
Adopted Budget	$3,000,000.00
Total Cumulative Obligations	$3,000,000.00
Total Cumulative Expenditures	$1,677,934.76
Current Period Obligations	$0.00

Current Period Expenditures	$495,871.99
Project Description	OLSHA has historically administered a county-wide senior chore program that aids seniors with home maintenance and tasks that they might not be able to do any longer, which helps them maintain their independence. In recent years, OLSHA stopped managing a comprehensive county program because the funding was not sustainable. OLSHA is now exploring other models for a senior chore program. OLSHA believes that a centralized, county wide chore provider is not the solution. Local municipalities are deeply in touch with their residents' needs and unique local resources. They are familiar with prospective companies to provide needed services. They are best positioned to plan and execute a chore program that is responsive and tailored to their communities. Each community will be more successful in finding contractors to serve their concentrated geographic area and could offer the economy of scale these businesses are looking for to be profitable.

Total Cumulative Obligations	$2,000,000.00
Total Cumulative Expenditures	$280,576.37
Current Period Obligations	$0.00
Current Period Expenditures	$66,658.97
Project Description	This project aims to reduce or eliminate the burden of medical debt for Oakland County residents with income levels up to 400% of the federal poverty line. The health and economic effects of COVID-19 were significant contributors to medical debt burdens for county residents. RIP Medical Debt, a 501(c)(3) organization based in New York, works with health care providers to identify patients without outstanding medical debt who meet income and debt level criteria, purchases that debt at a rate as low as $.01 for each dollar owed, and relieves individuals from payment for the debt purchased.

Project Identification Number	GRN-1004358
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed less than 50%
Adopted Budget	$1,000,000.00
Total Cumulative Obligations	$1,000,000.00
Total Cumulative Expenditures	$70,509.08

Current Period Obligations	$0.00
Current Period Expenditures	$30,659.09
Project Description	The COVID-19 pandemic affected everyone, however, it disproportionately impacted communities with high social vulnerabilities such low income, homelessness, unemployment, limited access to mental and physical health. One of those communities in Oakland County is the city of Pontiac. The pandemic exacerbated the need for access to primary care and mental health services. Oakland County Health Division, St. Joseph Mercy Oakland Hospital, Oakland Community Health Network and Honor Community Health will partner to address the need for increased access to primary care and mental health services by creating an Urgent Primary and Behavioral Health Center (UPBHC). The center will provide a combination of 12 hours of walk-in and virtual visits and 12 hours of virtual visits 7 days a week for urgent medical and mental health services. We believe that an integrated response aimed to triage, coordinate treatment, provide mental health interventions, bridge prescriptions, conduct medical interventions, and follow-up with individuals at risk is needed.

Project Name: Michigan Saves Energy Efficiency/Weather

Project Identification Number	GRN-1004359
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed
Adopted Budget	$5,000,000.00
Total Cumulative Obligations	$5,000,000.00
Total Cumulative Expenditures	$5,000,000.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	Michigan Saves proposes a program to spend $5 million of ARPA funds to reduce energy burdens for lower-income homeowners and promote energy efficiency in Oakland County. The program includes two tiers of ARPA-funded incentives—one for income-qualified homeowners and one for all other homeowners—so all Oakland County residents can benefit from the project. There is a third tier that does not include any ARPA funds and is simply Michigan Saves traditional residential financing programs, which would remain available to residents once the program funds are exhausted.

Project Name: Children's Village Assessment on Diversion

Project Identification Number	GRN-1004360
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services

Status To Completion	Completed less than 50%
Adopted Budget	$1,000,000.00
Total Cumulative Obligations	$1,000,000.00
Total Cumulative Expenditures	$474,545.82
Current Period Obligations	$0.00
Current Period Expenditures	$87,147.21
Project Description	This project is designed to be an assessment of the practices employed by Children's Village and the juvenile justice system. The project will include an assessment of: the practices around the diversion, deflection, and detention decision of youth; an analysis of appropriate services to treat youth in the community and /or in detention; the physical environment at Children's Village and how it can be used to maximum effectiveness. The intent of the project is to improve outcomes and eliminate racial disparities among youth involved with the juvenile justice system. This will be achieved through a cooperative effort of key stakeholder to research and institute evidenced-based and trauma informed practices. COVID -19 has had a serious impact on youth in the justice system. Many coming into the system have significant behavioral health needs, face educational deficits and have been exposed to systemic and structural trauma. These issues are exacerbated by the staffing shortages caused by COVID-19 on the service industry and workforce. Staffing at rehabilitative detention facilities is problematic and results in a backlog of youth awaiting placement. This assessment will help us to identify those youth who can be safely diverted from the system, and identify what programs and services are needed to effectively treat youth in the community and, when necessary, in detention.

Project Name: Funds Sought for WRC Backflow Prevention

Project Identification Number	GRN-1004365
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	Completed
Adopted Budget	$200,000.00
Total Cumulative Obligations	$200,000.00
Total Cumulative Expenditures	$200,000.00
Current Period Obligations	$0.00
Current Period Expenditures	$0.00
Project Description	This project is designed to mitigate basement flooding from sewer backups after large rain events by installing backflow prevention valves and sump pumps on the private sewer leads of eligible and participating households in Oakland County. Through the office of the Oakland County Water Resources Commissioner (WRC), eligible residents may receive installation of a backflow prevention valve in their private sewer line. The valve is designed to automatically

	close to prevent leakage out of the plumbing fixture if sewage from an obstructed public sewer backs up the owner's drain line.

Brief description of recipient’s approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The COVID-19 pandemic and the resulting economic recession have negatively affected many people’s mental health and created new barriers for people already suffering from mental illness and substance use disorders. During the pandemic, about4 in 10adults in the U.S. have reported symptoms of anxiety or depressive disorder, a share that has been largely consistent, up fromone in tenadults who reported these symptoms from January to June 2019. Project Description	This project will help support high schools with the college counseling and career guidance resources they and their students need. The AdviseOakland program is modeled on MCAN's AdviseMI program. For the 2020-2021 program year, AdviseMI placed close to 90 AmeriCorps members in schools throughout the state and served 24,169 students, resulting in 6,842 students who were accepted to a post-secondary institution. We propose offering one advisor to be placed in each of Oakland County's forty public non-charter high schools for the next three academic school years.

Project Description	The ECE sector has seen an unprecedented number of its workforce leave the sector due to the COVID-19 pandemic. These circumstances, paired with low wages, drive qualified staff into other jobs that pay higher wages. This workforce gap is further exacerbated by the expansion of GSRP, the state's subsidized four-year old pre-school program, which requires certified staff in classrooms. Most staff in GSRP and Head Start programs require a base-level certification called the Child Development Associate (CDA) to be in the classroom. Key stakeholders, like the Wayne-Oakland-Macomb Resource Center and United Way's Early Learning Community partners, must collaborate to address this disparity. The project will utilize approximately $200,000 to fund four cohorts of twenty-five participants each to complete the CDA training through the Early Learning Community. The remaining $250,000 will go $15,000 to the United Way of Southeastern Michigan to administer the program and $235,000 OFS to fund the Early Learning Community efforts that offer self-directed CDA trainings, additional

Project Description	The COVID-19 pandemic dramatically impacted access to safe, affordable, and healthy foods. This was exacerbated for households experiencing homelessness, illness, school closures, and for those who use food assistance programs to purchase food. Double Up Food Bucks (DUFB), operated by Fair Food Network (FFN), is now a national program that began in Michigan. Consumers who are using SNAP may receive an additional $20 for fruit and vegetables purchases at participating vendors. DUFB expands the purchasing power of people enrolled in SNAP and can help reduce food insecurity and improve nutrition. DUFB continues to remain responsive to evolving community needs as the pandemic evolves. FFN has identified Oakland County as an area of opportunity to expand the program. Currently, there are only five participating vendors across the County (Oakland County Farmers Market, Rochester Farmers Market, Oak Park Farmers Market, Glory Foods, and Western Market) that participate.

Project Description	Through an administrating agency, Pontiac Community Foundation, grants would be given out to emergency food providers to buy the food whose purchasing was greatly affected by increasing food costs from COVID, allowing recipients to continue receiving healthy food to supplement federal benefits that are not meeting their monthly requirements. This grant would provide $350,000 to Lighthouse of Oakland County as the largest provider of emergency food in the County. The remaining $350,000 will be used for a grant program through a sub recipient administrating agency, Pontiac Community Foundation, (including an amount to cover administrative costs). Emergency food providers will apply for grants of up to $50,000 to provide for residents of Oakland County struggling with food barriers or needs.

Project Description	Project's goal is to create a community-based, collaborative, and public health-focused residency program that is dedicated to addressing the health disparities in underserved areas of Oakland County while creating a pipeline of family practice physicians both for Oakland County and the State of Michigan. The residents will be engaged in the community through HONOR's locations, including school-based health centers, public health, mental and behavioral health, and primary care locations. These locations are in partnership with Oakland County Health Division, the core physician network of Oakland Community Health Network, and will include various other community entities. Hospital partners include St. Joseph Mercy Oakland, Beaumont, and Henry Ford Health System. By working in underserved communities, the residents gain valuable experience addressing complex and extensive health care issues that will allow them to grow as a physician. With ACGME accreditation, HONOR will seek family medicine accreditation over the next 12 months and be on track to launch the residency program and accept patients under the program in 2023.

Project Description	ARPA funding will be used to increase available rental and/or homeowner housing throughout Oakland County for families living at or below 65% AMI / 300% FPR. Affordable housing developers will submit proposals to the Oakland County Housing Trust Fund for affordable housing developments. ARPA funds, in the form of grants, will be used to provide gap financing to successful proposals. Per contracts with non-profit developers, a percentage of housing units will be designated as affordable units supporting households at or below 65% AMI / 300% FPR for an affordability period (e.g., 20, 30, 40 years, etc.). Further eligibility of these funds will be based on policies and procedures created by the Neighborhood & Housing Development Division. A housing trust fund is a flexible way for Oakland County to help address affordable housing. Funds are earmarked for the production or preservation of affordable housing. These trusts create a dependable source of affordable housing funding, can be used to provide bridge funding that help leverage other sources of funding (such as the Low-Income Housing Tax Credit), and flexibly meet local priorities such as providing housing for diverse income levels, persons with disabilities, and improving the overall health and well-being of communities.

Description	The ECE sector has seen an unprecedented number of its workforce leave the sector due to the COVID-19 pandemic. These circumstances, paired with low wages, drive qualified staff into other jobs that pay higher wages. This workforce gap is further exacerbated by the expansion of GSRP, the state's subsidized four-year old pre-school program, which requires certified staff in classrooms. Most staff in GSRP and Head Start programs require a base-level certification called the Child Development Associate (CDA) to be in the classroom. Key stakeholders, like the Wayne-Oakland-Macomb Resource Center and United Way's Early Learning Community partners, must collaborate to address this disparity.

	The COVID-19 pandemic dramatically impacted access to safe, affordable, and healthy foods. This was exacerbated for households experiencing homelessness, illness, school closures, and for those who use food assistance programs to purchase food. Double Up Food Bucks (DUFB), operated by Fair Food Network (FFN), is now a national program that

Description	began in Michigan. Consumers who are using SNAP may receive an additional $20 for fruit and vegetables purchases at participating vendors. DUFB expands the purchasing power of people enrolled in SNAP and can help reduce food insecurity and improve nutrition. DUFB continues to remain responsive to evolving community needs as the pandemic evolves.
