Oakland County Parks expands archery opportunities

New 3D archery course at Springfield Oaks County Park aims to boost skills, focus

DAVISBURG, MI – Oct. 6, 2026 – With hunting season here, area archers have a new place to sharpen their skills. A 3D archery course has opened at Springfield Oaks County Park in Davisburg and it is the perfect place for bowhunters, archery enthusiasts and families seeking to spend more time outdoors this autumn.

“The addition of the 3D archery course provides a more authentic practice experience,” Springfield Oaks Supervisor Matt Pardy said. “Guests can hone their archery skills by judging distances, trying different angles and improving their accuracy while enjoying the outdoors and shooting at life-sized targets.”

The walking 3D archery course is located at the entrance on Andersonville Road, just southeast of Springfield Oaks Golf Course. It includes 14 stations with a total of 20 targets. The Rhinehart Competition 3D animal targets are spaced to replicate various terrain and natural obstacles, providing a challenging experience for all archers.

Cost is \$10 for adults and juniors ages 8-17. Spectators and children under age 8 are not allowed on the course. The 3D archery course is suitable for compound, recurve and traditional bows. Archers must bring their own equipment and sign a waiver before entering. No crossbows are allowed.

The course is open on weekends through Sunday, Oct. 25: Hours are:

- 4-7 p.m. Fridays
- 10 a.m.-5 p.m. Saturdays
- 10 a.m.-5 p.m. Sundays

For more information on 3D archery rules, view maps or print waivers online, visit OaklandCountyParks.com. Call 248-634-2261 for questions.
