HELP US CHECK YOUR WATER SERVICE LINE

We are checking and replacing water service lines in Pontiac to identify the material they are made of. A service line is the pipe that carries drinking water from the street to your home.

STEP 1: CHECK YOUR ADDRESS

Visit oaklandcountymi.gov/watermap to see what we have on record for your water service line.

STEP 2: SCHEDULE AN INSPECTION

Call 248-858-4324 to schedule a free inspection to have your service line checked.

STEP 3: IF LEAD IS FOUND, WE'LL REPLACE IT

We will replace the service line from the street water main to your home's water meter at no cost to you.

You will need to sign a service agreement and schedule an appointment before work begins.

CALL 248-858-4324 OR VISIT OAKLANDCOUNTYMI.GOV/PONTIACWATER
